FINISHES AND MATERIALS

IronPole company, production and its products follow the European current law. We also follow good manufacturing practices and always care for the global and surrounding environment.

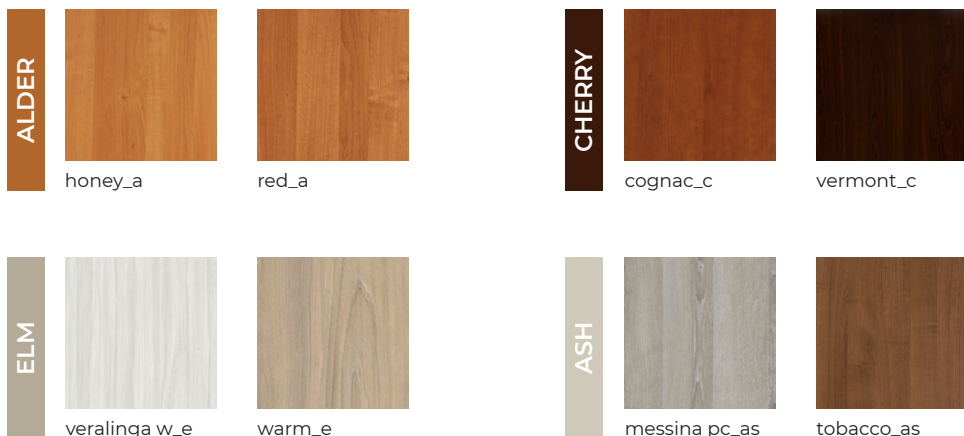

IronPole products are manufactured by its mother firm, Moniz Dias. Since we do all the process of the production by our own, it allows us to create the item with the most varied materials and finishes, as the client wishes, therefore it's possible to have multiple customization options available.

Colors and finishes for illustration only, due to typographical reasons, some color variation may occur.
